YOU!**

Indian Institutes of Science Education & Research

IISER Admissions 2020

About IISERs

The Government of India has established IISERs at Berhampur, Bhopal, Kolkata, Mohali, Pune, Thiruvananthapuram and Tirupati to integrate and promote interdisciplinary science education and research. Over the years, IISERs have been successfully attracting talented young minds. An overarching goal of the IISERs is to enable students in shaping the nation by inventing and implementing sustainable solutions for societal problems through research in sciences. The goal is being approached through our faculty of international repute. In a short span of time, IISERs have generated an incredible amount of knowledge and intellectual property in the form of publications and patents.

Key Features

- Highly competent and motivated faculty with passion for teaching and pursuing research in frontier areas of science
- Integrated undergraduate teaching and cutting-edge research
- Exposure and access to world-class research facilities right from the start of the program
- Research internships and year-long research projects leading to MS thesis with opportunities for interdisciplinary research

How to Apply

Visit (<http://www.iiseradmission.in>) for more details about the eligibility criteria and application procedure. Online applications will be available at the website.

Admission Channels

KVPY, IIT - JEE (Advanced) and SCB (IISER Aptitude Test)

IISER Aptitude (Computer-Based) Test will be conducted in a number of centres across the country.

BS[#] & BS-MS Dual Degree Programs

- Five-year dual degree program for science students
- Classroom learning integrated with research, providing ample scope for interdisciplinary activities
- Curriculum with a focus on both breadth and depth in sciences, engineering sciences and economics
- Opportunity to pursue impactful research
- Fully residential campuses with well-equipped hostels
- Access to on-campus medical, sports and other recreational facilities
- Programmes offered in
 - 1) Biological Sciences
 - 2) Chemical Sciences
 - 3) Data Science
 - 4) Earth & Climate Sciences/Earth & Environmental Sciences
 - 5) Economic Sciences
 - 6) Engineering Sciences (Chemical Engineering, Data Science & Engineering, Electrical Engineering & Computer Science Engineering)
 - 7) Geological Sciences
 - 8) Mathematical Sciences
 - 9) Physical Sciences

Four-year BS program in Engineering Sciences and Economics only at IISER Bhopal.
