31	ISERK/R/T/24/00048	09/07/2024	REQUEST DISPOSED OF (As On 07/08/2024)	I, Dr., am very much curious about the recruitment process of all the eminent institutes, i.e., IITs, NITs, CUs, or IIMs, under the Department of Higher Education. Although some of the central universities and CSIR labs update the list of the candidates who applied against a specific advertisement, the list of shortlisted candidates for interviews, the list of candidates shortlisted for interview based on caste category, and the list of non-shortlisted candidates with the reason for non-selection. However, none of the prestigious institutions, like IITs and IISc, have recently updated recruitment details, making the recruitment procedure less transparent. On the other hand, many candidates are chosen from lobbied faculty members and recent scams in recruitment, e.g., NEET or NET, have made this more believable. Transparency in the recruitment in	IISER Kolkata publish the name of shortlisted candidates for interview, including category wise details, for faculty recruitment under rolling advertisement and special drive recruitments on the Institute website, followed by the list of selected candidates. Further, the online application portal has the provision of applicants knowing the status of their applications

				each cycle of rolling, special drive, and mission mode recruitment can limit such kinds of biased selections. A list of external scientific members and panel members should be provided to avoid conflict in the recruitment process. Please see the attached document for more details. It seems to all of us that the unwillingness to disclose all the details regarding recruitment suggests manipulated recruitment.
