Bio-Vantages 2026:

Frontiers in Bioanalytical Instrumentation and Methodology

Master the "Bench-to-Bioinformatics" Workflow

Organized by Department of Biological Sciences, IISER Kolkata

As biological systems grow in complexity, the gap between generating data and extracting biological meaning continues to widen. Bio-Vantages 2026 is an intensive, module-based workshop designed to bridge this divide. This year, our goal is to provide the audience with an in-depth understanding of the cutting-edge tools and techniques (as listed in our module flyer) that are currently redefining biological research. We have curated this program to move beyond "black-box" instrumentation. By shifting the focus to the fundamental science of these platforms, we aim to empower researchers to produce high-quality, publishable science following the "Bench-to-Bioinformatics" workflow.

To achieve this, we prefer that Scientific personnel from the sponsoring companies deliver the talks. We want the sessions to focus on:

The working principles behind the technologies | The advantages, disadvantages, and troubleshooting | Sample preparation and real-World applications in science | A showcase of your technical portfolio

INR 3 Lakhs or above

Large stall at the symposium venue | Full front/back sponsor page in the e-Abstract book | Logo and description about sponsor on conference website | Full registration kit – 5 nos. | Space for flex – 3 nos. & Standby 3 nos. | 1 hour platform talk *

INR 3 Lakhs

Medium stall at the symposium venue | Full sponsor page in the e-Abstract book | Logo and description about sponsor on conference website | Full registration kit – 3 nos. | Space for flex – 2 nos. & Standby 1 no. | 45 mins platform talk

INR 2 Lakhs

Small stall at the symposium venue | Half sponsor page in the e-Abstract book | Logo on conference website | Full registration kit – 2 nos. | Space for flex – 1 nos. & Standby 1 no. | 30 mins platform talk

INR 1 Lakh

1/4th sponsor page in the e-Abstract book | Logo on conference website | Full registration kit – 2 nos. | 15 mins platform talk

Under 1 Lakh

1/4th sponsor page in the e-Abstract book | Logo on conference website | Full registration kit – 1 no. | Sponsors should coordinate with the organizers to discuss platform opportunities

*All these time slots can be negotiated based on the content and the speakers. Custom sponsorship plans are also available.

Event Details:

December 14, 2026 to

December 17, 2026

Venue:

IISER Kolkata, Mohanpur Campus

Sponsorship Confirmation & Payment Deadline: November 15, 2026

Branding & Marketing Material Submission Deadline: November 20, 2026

Reserve your spot now!
