

Department of Biological Sciences, IISER Kolkata cordially invites you to participate in the Frontiers in Modern Biology (FIMB)-2023 to be held in our green campus at Mohanpur, West Bengal on January 20-22, 2023. The symposium aims to provide a broad platform for insightful discussions on diverse topics in modern biology, "**from Molecules to Systems**". FIMB-2023 will enable budding researchers to showcase their work and expose them to the cutting-edge science conducted by eminent experts across the country.

We are inviting abstracts for poster & oral presentations

Deadlines

Abstract Submission: **December 11, 2022**

Event Registration: **December 25, 2022**
