**Memorandum of Understanding
Between**

**Indian Institute of Science Education and Research Kolkata and Peerless
Hospitex Hospital and Research Center Limited,**

This Memorandum of Understanding entered into on 1st day of October 2019 between the Indian Institute Science Education and Research, Kolkata (hereinafter referred to as "IISER Kolkata"), Mohanpur, Dist. Nadia, PIN 741 246, West Bengal an autonomous science education and research Institute of National Importance, established by the Ministry of Human Resource Development (which expression shall unless it be repugnant to the context or meaning thereof be deemed to mean and include its successors and permitted assigns), herein after referred to as the **FIRST PARTY**

and

the Peerless Hospitex Hospital And Research Center Limited, a Company incorporated under the Companies Act, 1956 and having its Registered Office at 360, Panchasayar, Kolkata, PIN 700 094, (which expression shall unless it be repugnant to the context or meaning thereof be deemed to mean and include its successors and permitted assigns) hereinafter referred to as the **SECOND PARTY**.

Objective and Rationale

Advances in technology have improved our understanding of causes for cancer, genetic predisposition, early diagnosis, effective treatment modalities towards improving the quality of life of people living with cancer and life expectancy. This

MOU seeks to take advantage of the resources, available expertise in this area and existing infrastructural facilities in two establishments to promote and integrate basic, clinical and translational research.

Scope of Memorandum of Understanding:

The first party, with the capacity of the broad research and education institution and the second party as a frontier establishment in the area of clinical and translational research in cancer, the following scientific and academic collaboration within the scope of mutually accepted legal, financial and administrative terms will be established:

Research and Development:

Tissue receptor studies from samples collected from cancer patients
Enzymatic studies to predict drug related toxicities in cancer patients
Image processing, Pharmacogenomics studies,
Hereditary cancer genetics,
Gallbladder cancer blood levels of suspected offenders.
Immune factors regulating antitumor immunity
Scope of Nano-medicine in cancer therapeutics

Academic

Co-supervision/Co-guidance of doctoral and post doctoral researchers in relevant area of research.

Others

The first party and second party shall identify specific training, workshop, and exhibition as part of research and development focus, broadly within Cancer research of mutual interest.

Identify specific areas for developing joint collaborative projects and explore funding opportunities for the same.

With the expertise of Dr. Madhuchanda Kar in clinical research, and available facility in studying cancer biology and therapeutics using animal models at IISER Kolkata, both the parties shall promote the translational research in cancer biology.
Confidential information and intellectual property rights:

Each party shall not make any public announcement or statement or publish or release any information or use logo of the other party in relation to any proposed collaboration without the prior written approval of both the parties. Each party shall keep confidential any information that receives from other party marked confidential.

All intellectual property solely conceived and/or developed by IISER Kolkata during this agreement shall be owned by IISER Kolkata.

All intellectual property solely conceived and/or developed by the second party during this agreement shall be owned by the second party.

Intellectual property jointly conceived and/or developed by the first party and second party will be jointly owned by the first party and second party.

Each party may use such property for research and scholarly purposes, and the entire matter will be governed by the concerned law of the country.

Arbitration clause

Should there be a dispute relating to any aspect of academic cooperation, the Authorized person of first party and Authorized person of second Party will jointly resolve the dispute in a spirit of independence, mutual respect, and shared responsibility.

Validity, renewal, termination and amendment

The MoU will remain in force for a period of THREE (3) years commencing from the date of signing. Both the parties may extend the term by written agreement signed by both the parties after review.

Either party may terminate the MoU by giving written notice of six months in advance to other party.

The MoU may be amended or modified by a written agreement signed by the representatives of both the parties.

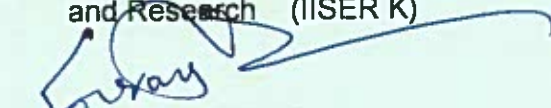

In witness whereof, the parties hereto have signed this MOU on the day, month and year mentioned herein before.
